

JEC Inc. @ German Club, Manila

On June 4, 2007 JEC Inc GM Guenter Taus made a presentation at the German Club, Manila in coordination with Veltrup Technik Phils.

Veltrup Technik Phils, is a well respected German owned company specializing in advanced non-chemical pipe cleaning system. Through this partnership JEC Inc not only widens its environmentally friendly service offering to clients but also improves its relationship with the German business community.

The German Club Manila was formed in January 1906 by German members with strong connections to most of the multinational German owned companies in manufacturing such as Bayer Phils; BMW Phils.; Henkel Phils; Lufthansa Airlines; Osram and Siemens Phils. These companies are key target clients and partners for JEC Inc.

Targeting organizations like the German Club and partnering with companies like Veltrup is an integral part of JEC Inc strategy to increase awareness in all segments of industry and widen solutions offering. Similar opportunities will continue to be identified to drive future growth and establish JEC Inc as the Number 1 engineering solutions partner in the Philippines
