

Saturday University

In May 2007 JEC Inc. launched the Saturday University to upgrade fundamental work skills of employees.

The program offers the following courses; basic IT like Excel, Word, PowerPoint, Microsoft Outlook and supervisory skills like Management and Presentation.

The trainers were all provided in-house with shared IT team providing IT training, together with Cora Estaniel, James Johnson and Guenter Taus for other Supervisory courses.

The management believes that continuous training of employees will help both their career and company growth.
